

to inspire  
to enrich  
to lead  
to teach

As a family-owned company, Apperson Education Products is committed to supporting our nation's educators by providing superior products and outstanding service. Our highest goal has been to provide affordable tools without compromising quality or service. Our test scanners, designed by Bill Apperson and made in the USA, are ideal examples of that commitment. With unsurpassed value, isn't it time you regained your time to teach?
